"A sick woman cannot be a beantiful woman nor can she be anything but what we English call a poor-spirited woman." To a great extent a woman's beauty is measured by her vitality—by her health. "Work, Sunshine, Exercise, Water and Soap, Plain, Nourishing Food, Lots of Fresh Air, and a Happy, Contented Spirit—there, as you say, 'honest and true,' is my working rule for youth, youthful spirita and youthful looks."

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Beers woman, young or old, should know herself and her physical make-up. A good way to arrive at this knowledge is to get a good doctor book, such for instance as "The People's Common Seuse Medical Adviser." by R. V. Pierce, M.
